Shree Sharika Saroopa. Mata Shree Roop Bhawani, (1621-1721), chose Cheshmi Sahibi as Her first Taposahal for Tapasya of twelve and a half years post Her renunciation from the routine mundane worldly affairs. It was from here that she went to Manigam, Lar and Waskur all in today's Ganderbal district, for continued Tapasya at each of these place. Cheshmi Sahibi Taposathal is located on the western slope of Zabarwan Hills with Raj Bhawan on three sides and road leading to Parimahal on the fourth. This four hundred years old Taposahal has the Mata's Holy Spring which continues to bless all the devotees with abundantly flowing Himalayan mineral rich drinking water round the year, a temple and other related structures.

Shri Alakh Sahiba Trust (SAST), established in 1934 and registered in 1951, with HO at Dedmar Safakadal Srinagar, which is Mata Shree's birth place, is currently operating from Tirath Nagar, Talab Tiloo Jammu. This trust was formed with the aim of propagating Her teaching, preserve Her wakhs and maintain all Her taposhals.

After getting the permission from the concerned authorities, SAST has started renovating and repairing all the assets at the Taposahal, which are falling apart due to structural failure over years. With a lot of pride SAST shares the computer generated picture of design of the proposed temple after incorporating elements of the Karkota period temples, ruins of which can be seen in Matrand and Awantipora. Executive Council of SAST is seeking support from Her devotees and all the members of the community for completion of this pious task in the shortest possible time.

We, the office bearers of SAST, appeal to all members of the community to send their donations to the bank details given here. Name of donors will displayed on the website of trust updated on bi-monthly basis. All donations to SAST, which is a charitable trust come under exemption as per sec 80G(V) of IT act 1961.
